

Hammerhead Resources ("HHR") is a Calgary, Alberta based private exploration and production company focused on the development and delineation of its ~147,000 net acre, contiguous asset base within the light-oil and liquid-rich windows of the Montney formation. HHR's land position is in the heart of one of the most economic plays in North America, and provides sizeable drilling inventory for significant growth potential.

Contract Operators (Field/Plant) – Gold Creek

Reports to: Area Lead Operators

Location: Grande Prairie, AB

Effective Date: ASAP

Primary Accountability:

Contract Operators, either plant or field, are expected to provide essential daily support for HHR well sites or facilities in a safe and efficient manner. They are required to be enrolled in HHR Competency CMDS Safety Program and will be asked to handle other field duties as required by Lead Operators. These duties may include smaller project supervision, new well commissioning, volume variances, etc. The position requires that operators spend 100% of their time in the field. Position is based out of the Grande Prairie area and will be supported through our local Grande Prairie office.

Key Responsibilities:

- Provide daily operational support for wells and facilities in the Gold Creek area;
- A good understanding of Safety and Environmental responsibilities;
- Participation in CMDS training to ensure competency and signed off on all standard operating procedures (SOP);
- Provide local supervision for projects in the Lead Operator's absence;
- Assist with Management of Change Requests (MOC);
- Support and participate in monthly safety meetings;
- Conduct Hazard Identifications on Hammerhead sites and audits on 3rd party contractors;
- Assist in safety audits.
- Other responsibilities as directed by the leader.

Requirements and Key Competencies:

- Valid Class 5 driver's license;
- Minimum 2-3 year's operation experience and completion of a General Educational Development (grade 12) is required.
- GPO A-D or PFO A-D (previously Solis 1, 2, 3) or a Trades ticket or Tech diploma is also preferred.
- Operator Level 1 or 2, currently working in a CMDS safety program
- Candidates would ideally have Operator experience in a similar work environment (both in a plant or in the field);
- Strong attention to safety performance and known for leading by example;
- Good understanding of the safety and regulatory compliance requirements;
- Must be a good communicator with strong organizational skills and ability to work independently and in team settings;
- Strong computer skills; including Microsoft Office, Scada and PVR;
- Candidates would ideally live in the Grande Prairie area.

Communication Expectations

- Strong written, verbal, and presentation skills are necessities
- Continually foster a safe cooperative work environment

Additional Information:

- 7 on/7 off shift work
- Day and night shift operations
- Field based position
